Saniflo  SFA GROUP
Shaking up water

About Sanifos

Like Saniflo, Sanifos is a brand created and owned by the French SFA group. For over 60 years the SFA Group's goal has been to allow one to easily install toilets, showers, sinks, kitchens, baths and hand basins literally anywhere. From its early beginnings as the inventor of the domestic macerating system, the SFA Group is today amongst the main companies providing pump solutions worldwide.

SANIFOS 1000	Sanipump Cutter	✓		✓	✓	11	216 L/min
	Sanipump ZFS 71					20	266 L/min

Sanifos® 280

The Sanifos® 280 is a packaged pumping station designed for smaller single dwelling use such as granny flats and is an efficient solution where gravity reliant sewerage systems are not possible due to limited site access and site constraints such as property sloping away from the sewer infrastructure.

APPLICATIONS

TOILET

HAND BASIN

BATH

SHOWER

WASHING MACHINE

DISH WASHER

KITCHEN SINK

Product Reference:

SANIFOS 280

WHY CHOOSE THIS PRODUCT?

Ideal for small single dwelling residential or small commercial applications

Tough reliable cutter pump suitable for heavy usage

Compact space saving tank design

Engineered to Australian Standards AS1546

Wired high level alarm

Choice of optional inlet connection points

Working temperature of 70°C max for short periods

IP68 rated

Complete package ready to install. Includes internal pipework, non return and ball valve supplied

Energy saving and reduced motor wear thanks to large working volume

Sanipump Cutter

Robust blade suitable for heavy usage

VERTICAL/HORIZONTAL PERFORMANCE

Increase size of horizontal run by one pipe size after 5m.
All horizontal pipework requires a minimum of 1:100 fall.

Shaking up water

Made in France to the highest standards, needs to be installed by a licensed plumber

APPLICATIONS

TOILET

HAND BASIN

BATH

SHOWER

WASHING MACHINE

DISH WASHER

KITCHEN SINK

TECHNICAL CHARACTERISTICS

Discharge Pipework	40 mm
Motor Power Sanipump Cutter	1500 Watts
Maximum Current Draw	6 A
Voltages	220-240 V/50 Hz
Tank Volume	280 L
Working Waste Water Temp	35°C/Max 70°C (intermittent)
Overall Measurements	1023 x 760 mm
Inlet Pipework	40/50/100 mm
IP Rating	IP68
Max Discharge Sanipump Cutter	216 L/min
Weight	38 kg

Comes with wired high level alarm

Optional tank extension ring

FLOW RATE PERFORMANCE CHART

Discharge height (m)

Shaking up water

Made in France to the highest standards, needs to be installed by a licensed plumber

APPLICATIONS

TOILET

HAND BASIN

BATH

SHOWER

WASHING MACHINE

DISH WASHER

KITCHEN SINK

Sanifos® 610 GR

The Sanifos® 610 GR is packaged pumping station for single dwelling use is an efficient solution where gravity reliant sewerage systems are not possible due to limited site access and site constraints such as property sloping away from the sewer infrastructure.

SANIFOS 1000 GR TWIN

Sanifos® 1000 GR Twin

The Sanifos 1000 GR Twin is a dual motor pump station designed for large-medium residential use and is an effective solution where gravity reliant sewerage systems are not possible due to limited site access and constraints such as the property sloping away from the sewer.

WHY CHOOSE THIS PRODUCT?

Ideal for larger single dwelling residential or commercial applications

Tough robust cutter blade assembly

Compact space saving tank design

Engineered to Australian Standards AS1546

Intelligent controller with high level alarm

Choice of optional inlet connection points

IP68 rated

Complete package ready to install. Includes dual pumps internal pipework, non return and ball valve supplied

Energy saving and reduced motor wear thanks to large working volume and shared duty cycle

Sanipump Cutter
(Guide rail mounted)

Robust blade suitable
for heavy usage

VERTICAL/HORIZONTAL PERFORMANCE

Increase size of horizontal run by one pipe size after 5m.
All horizontal pipework requires a minimum of 1:100 fall.

Shaking up water

Made in France and assembled in Australia to the highest standards. Must be installed by a licensed plumber.

SANIFOS 1000 ZFS TWIN

Sanifos®1000 ZFS Twin

The Sanifos 1000 ZFS Twin is a high lift heavy duty dual motor pump station designed for large-medium residential or commercial where higher lift is required. The pump station is an effective solution where gravity reliant sewerage systems are not possible due to limited site access and constraints such as the property sloping away from the sewer.

Product Reference:
SA310

WHY CHOOSE THIS PRODUCT?

Ideal for larger single dwelling residential or commercial applications

Heavy duty dual pump set for higher lift requirements

Compact space saving tank design

Engineered to Australian Standards AS1546

Pump controller or high level alarm options

Shared pump duty for prolonged system life

Heavy duty cutter assembly for intensive use

IP68 rated

Complete package ready to install. Includes dual pumps internal pipework, non return and ball valve supplied

Energy saving and reduced motor wear thanks to large working volume and shared duty cycle

Sanipump ZFS 71

Heavy duty adjustable cutter for intense usage

VERTICAL/HORIZONTAL PERFORMANCE

Increase size of horizontal run by one pipe size after 5m. All horizontal pipework requires a minimum of 1:100 fall.
